Image 2 - Log in Page

3. Then you can see the Welcome page of the game. You can Start the Game, View Leader board or Log out in this interface.

Image 3 - Welcome Page

- **Logout** button – if you click on logout you need to login again with authentications again.

4. After you click on start Game button you will be navigated to select level page. You can select the difficulty of the game like Easy, Medium and Hard.

5. This is **Level Easy.** In here you don't get any time limit and if you want, you can skip the game to the next mission. But you have only 3 lives. If your lives are over, that means Game is over.

Image 4 - Level Easy

6. In **Level Medium,** you have to finish the game within the given time. Player have only 30 seconds left to finish the mission. Also, you can skip the puzzle if need. Also in here you get 3 lives and if it is over, the game is over.
